DAY CREAM ANTI-AGING 50+

The content is object of Italian Patent Application No. 1102018000006908 filed on 04.07.2018

Description

From pure **Collesi Red Craft Beer**, a rewarding anti-aging treatment with a pleasantly rich and full-bodied consistency that blends into the skin, intensely nourishing it without weighing it down. The highly moisturizing and revitalizing formula, designed for mature skin, fights the harmful effects of free radicals. This advanced complex of functional active principles is achieved thanks to an exclusive "patent pending" technology from pure **Collesi Red Craft Beer**, enriched with a powerful anti-aging Peptide with a repairing effect that works by filling wrinkles from the inside with 6 essential skin-reconstructing elements. With a firming and antioxidant action, Day Cream Anti-Aging 50+ leaves the skin looking more compact and radiant. Jojoba Oil is a natural toner and Shea Butter nourishes and oxygenates cells. A daily beauty routine for a brighter face and more homogeneous complexion. The signs of aging visibly fade and the skin flourishes and refinds its tone, density and compactness.
